Welcome to The King’s School

The King’s School, Parramatta – Australia’s oldest independent school – is a leader in educating boys, leadership development in students and boarding. Situated on 120 hectares at North Parramatta, the geographic and demographic centre of Sydney, the school offers a broad range of curricular and extra-curricular activities for the development of the whole student and takes enrolments from International students from Year 7 to Year 12. The King’s School ranks in the top fifty or so NSW schools based on HSC performance and over two-thirds of its Year 12 students usually achieve an ATAR result over 80 in 2010 – a significant achievement for a non-selective school.

Pastoral Care in Boarding

The School’s pastoral and House programs are supported by a Chaplain and Counselor, and these staff work in close association with Housemasters and Tutors to ensure that each student’s academic and pastoral well-being is paramount, whilst a Year 7 transition House enables these boys to ease into the senior school. A central dining room prepares 2000 nutritious and high quality hot meals each day, with students availing themselves of several menu choices. All students share lunch together in the main Refectory, while Year Twelve and staff take lunch in the Trophy Room. Boarders share an evening meal in the Dining Room and on Sundays the boarders enjoy a casual barbecue at their respective Houses.

Outstanding Facilities

include a Centre for Learning and Leadership incorporating a computerised library which is open nightly until 9 pm, a comprehensive Music Centre, a 150 seat 'black-box' Drama Studio, a Sports Centre and gym, playing fields for Rugby, Cricket and Soccer, Tennis and Basketball courts and a 50 metre swimming pool. A fine Rowing facility is located on the Parramatta River at Putney. King’s enjoys healthy sporting competition with other GPS Schools, culminating in combined competitions, particularly with respect to Rowing and Athletics. Boys are also exposed to the challenges of the Cadet Corps program, and are also encouraged to participate in extra curricular activities such as Duke of Edinburgh program, Shooting, Athletics, Debating, Music ensembles and Drama productions. An active Gifted and Talented program is available with extension courses in several academic areas and many students are invited to participate in intellectual clubs or societies within the School. There is a focus on public speaking at King’s and this, together with an abundance of leadership opportunities, ensures that boys are adequately prepared for a life after The King’s School.

Flexible Boarding: The King's School caters for the varied lifestyles and changing needs of its families. Almost 400 boys can live-in as weekly boarders, full term
boarders or short stay boarders. An extended day caters for parents who want to collect their sons after dinner from the Senior School between 8.30pm and 9.00pm. Warmth, security and a strong sense of community are features of the eight residential houses. Houses are set in spacious grounds. Senior boys have individual bed/study rooms. Boys are taught to live in harmony, to be self sufficient and independent, while contributing to the corporate well-being. A spirit of academic co-operation pervades each boarding house. Set homework periods, the assistance of live-in tutors and access to the School’s state-of-the-art Intranet; focus each boy on academic goals. Attention is given to organisational skills. A large range of sport and after school activities exists. Outstanding dining room facilities, with 4 full-time chefs, provide nutritious food. Age of Entry

For international students Day boys and Boarders may be accepted from Year 4. Short-term boarding places may be possible. Entry is usually for the start of the academic year in February but registrations for entry at other times will be considered.

Accommodation

Year 8 – 12 International students will live in one of the four boarding houses, with Year 7 boys in dormitories in Gowan Brae House, our Year 7 Transition House.

Year 8 – 10 students live in dormitories, double or single rooms. Year 11 and Year 12 live in a single bed-study. A sizeable number of Year 10 students are also accommodated in single bed-study rooms.

The boarding houses offer computer access for research, homework, assignments and email. There is also a game room and television room in each house.

Boarding houses also have a live-in Matron who assists in the day to day running of the House. Further information is available in the Boarding Handbook.

Orientation Procedures

When international students arrive they have a meeting with their Housemaster. The Director of Boarding supervises their settling-in process. Help is given, if required, to assist the family with the purchase of uniforms, textbooks and stationery. If not previously arranged, The Director of Studies meets with the family to discuss and allocate subjects and issue a timetable. Assistance is also given in such matters as the opening of new bank accounts. The Housemaster allocates a buddy to help the new student for the first few days as he settles in and becomes accustomed to the routine.

Enrolment

For entry to The King’s School a Registration for Enrolment Form must be submitted.

Following receipt of a Registration Form, the School will require copies of school reports. A formal interview will also be conducted and possibly a test. If results are satisfactory and if there is a vacancy at the level for which interest is being made, an Offer of a Place will be made. This will require the applicant’s parents and/or guardians to sign and return to the School the Offer and Acceptance of a Place at The King’s School and other documents supplied and to pay a Family Admission Fee. Upon receipt of the payments and signed documents, the School will issue a Confirmation of Enrolment which will be needed before a student can apply for a student visa.
Exchange Students

Applications from exchange students are welcome. Exchange students may enrol at The King’s School for periods of four weeks to one term. The selection and administrative procedures are carried out by the Director of Leadership Studies.

English Ability and Testing Procedures

We require different levels of English ability for boys entering at differing levels. In general terms, the older an applicant is, the better his English must be.

For example, we may accept a young boy with limited English into Year 6 but any boy entering Year 11 and planning to graduate within two years must have a much higher level of ability.

Prior to offering a place we ask applicants to send us their results of tests which may include IELTS tests or other tests set by AEAS, if they have undergone these tests. We also ask applicants to supply us with details of any special educational or medical conditions which may affect academic and social progress.

Based on this information, we may require the applicant’s attendance at a course of full-time classes of Intensive English and view results before an Offer of Place is made for full-time mainstream classes at The King’s School. The length of the Intensive English course will be reviewed and an extension of studies determined by the test results.

When new international students arrive at The King’s School our specialist ESL staff will conduct a series of tests to confirm their level of academic and English ability.

Assessment

Assessments of students’ performance vary throughout the School, but all boys are expected to attend all lessons and to complete homework assignments. Assessment will include classroom tests, assignments and formal examinations. All assessment is on a continual basis throughout the academic years with end-of-year examinations (when held) accounting for only a portion of the year’s results. All assessment is criterion based and it is rare for a single percentage mark, or a position in class to be given for any subject or for any Year.

In Years 7 - 12, in addition to the continuous assessment throughout the year, formal end-of-year examinations will be conducted. School reports are issued at different times throughout the year and show application and progress. At the end of Year 12 they sit for the Higher School Certificate. This Certificate os issued by the NSW Board of Studies and shows the subjects studied and the results gained.
Teaching Methods

Teaching methods vary throughout the School but in general students may expect to attend lessons in School classrooms, science or other laboratories and other specialist teaching areas. Some subjects will involve compulsory off-campus excursions and other activities.

Students may bring their own laptop computers to School but are not required to do so.

Class sizes are usually less than twenty-five (25) and the overall staff : student ratio throughout the School is approximately 1:12. The King’s School’s classrooms and other specialist teaching areas are well equipped and offer modern facilities. The School offers students computer laboratories, specialist science laboratories for chemistry, physics, biology, agricultural science, general science and sorts science, state of the art library, media studio, art centre, performing arts areas, spacious classrooms, extensive playing fields, and outdoor swimming pool, tennis and basketball courts, numerous rowing boats with a boat shed at the river and a state of the art sports centre.

The King’s School provides special programs for Gifted and Talented students (Excelsior Program) as well as support programs for students with specific learning difficulties.

The students are involved with various outdoor camps while they are here with two years compulsory Cadet Corps.

Who can help me resolve any problems?

Bullying and other unsociable behaviour is not permitted at The King’s School. Formal policies provide a structure which protects the interests of all boys. If any student at The King’s School has a problem he may speak to his class teacher, tutor, Year co-ordinator or Housemaster. Boarders may also speak to the Director of Boarding. If the problem cannot be resolved at that level, then the Deputy Headmaster may be approached for assistance in resolving the difficulty.

The School Counsellor and the School Chaplain are available for special assistance.

A student may always ask to have a friend or colleague present while he speaks to any staff members for assistance in resolving any difficulty.
What services are offered for special needs

Subject to the information and the test results provided, we will be able to offer international students (where necessary) specialist assistance at an appropriate level in English. Group or class lessons in ESL will be available at no extra cost. Specialist assistance for students with specific learning difficulties may be available at an additional cost.

Academic Performance

All students at The King’s School are required to work at an acceptable level and to gain results which match their ability.

For international students in the Senior School, school reports when issued should contain a minimum of 80% “satisfactory” or better ratings for application, effort, behaviour and attitude.

If an international student’s academic performance levels fall below the required levels they will be counselled and the Department of Immigration and Citizenship may be notified.

Courses

It is a requirement of the School that all students for whom English is not their first language will study English, if required.

The courses offered at The King’s School are part-time courses with lessons conducted throughout the teaching day during term. Sporting and other co-curricular activities are compulsory for all students. Training and rehearsals may occur in School time, after School, during evenings and on weekends.

Secondary School courses commence in Year 7 and extend to the end of Year 12.

Payment of School Fees

Accounts will normally become due and payable within the first week of each term unless prior arrangements have been made and confirmed in writing by the Bursar’s office.

Payment of fees may be made by cheque, money order, B-Pay, Direct Debit from an Australian bank account, bank transfer or credit card (we pass on a 2% merchant fee).
Should parents or guardians wish to pay fees by Direct debit on a monthly basis, they are invited to download the form from our website (www.kings.edu.au), complete it and return it to the Bursar’s office. Time limits may occur so that arrangements can be put in place. Please check with staff in the Bursar’s office. Families who have already put this option in place for the payment of fees do not need to complete a new form, as existing arrangements will automatically carry on for the following year.

If parents have any concerns at any time about the payment of fees they are invited to contact the Accounting Manager on +61 2 9683 8557 to discuss putting an alternative course of fee payment in place.

**Refund policy**

100% of the money paid on behalf of an international student will be refunded within two weeks if The King’s School does not offer the course for which he is enrolled.

Any Family Admission Fee paid will not be refunded if the place is not taken up.

No refund will be made in an international student’s visa is cancelled by the Department of Immigration or if the student is expelled from the School.

This agreement does not remove a student’s right to take further action under Australia’s consumer protection laws.

**Business Arrangements**

When a place has been offered in the School and accepted, parents agree:

1. That one term’s written notice of withdrawal of the student is required, without which one term’s tuition fees will be charged in lieu

2. To pay all fees rendered and charges levied in accordance with decisions of the School Council

3. To pay a Family Admission Fee, which shall be determined from time to time by the School Council. The Family Admission Fee will be payable in respect of the first son only in the family and will not be refunded if the place is not taken up.

5. That the School will not accept responsibility for loss or of damage to clothes or other personal effects of students while on the School premises or in transit to or from the School.

Attendance

During their entire time at The King’s School, international students must attend all lessons and required activities, with a minimum of 80% attendance. Part-time studies are not permitted. Limited absences supported by a recognised medical certificate are acceptable. Class teachers maintain attendance records daily.

If an international student’s attendance is lower that 80% the Department of Immigration and Citizenship will be notified.

Change of address

If an international student or his parents or guardians change home or mailing addresses, the School must be given the new address and contact details as soon as possible and no later than two weeks after the address is changed.

The ESOS framework—providing quality education and protecting your rights

The Australian Government and The King’s School want overseas students in Australia to have a safe, enjoyable and rewarding place to study. Australia’s laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS framework and include the Education Services for Overseas Students (ESOS) Act 2000 and the National Code.

Protection for overseas students

As an overseas student on a student visa, you must study with an education provider and in a course found on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) at http://cricos.dest.gov.au. CRICOS registration guarantees that the course and the education provider at which you study meet the high standards necessary for overseas students. Please check carefully that the details of your course – including its location – match the information on CRICOS.

Your rights

The ESOS framework protects your rights, including:

- your right to receive, before enrolling, current and accurate information about the courses, fees modes of study and other information from your provider and your provider’s agent. If you are under 18, to ensure your safety, you will be granted a visa only if there are arrangements in place for your accommodation, support and welfare.

- your right to sign a written agreement with your provider before or as you pay fees, setting out the services to be provided, fees payable and information about refunds of course money. You should keep a copy of your written agreement.

- your right to get the education you paid for. The ESOS framework includes consumer protection that will allow you to receive a refund or to be placed in another course if your provider is unable to teach your course.

- your right to know:
  - how to use your provider’s student support services;
  - who the contact officer or officers are for overseas students;
  - if you can apply for course credit; when your enrolment can be deferred, suspended or cancelled;
  - what your provider’s requirements are for satisfactory progress in the courses you study;
  - if attendance will be monitored for those courses;
  - what will happen if you want to change providers; and
  - how to use your provider’s complaints and appeals process.
Your responsibilities

As an overseas student on a student visa, you have responsibilities to:

- satisfy your student visa conditions;
- maintain your Overseas Student Health Cover (OSHC) for the period of your stay;
- meet the terms of the written agreement with your provider;
- inform your provider if you change your address;
- maintain satisfactory course progress;

8. Welfare and accommodation requirements for students under the age of 18

In almost all circumstances, The King’s School requires that Overseas Students reside in one of the School’s Boarding Houses. After three years in a boarding house and given approved alternative arrangements, the School may agree to a student residing with his parent or other approved relative.

Students under the age of 18 are required to maintain adequate welfare and accommodation requirements as a condition of their student visa.

Where a student under the age of 18 is not in the care of a parent or suitable relative, as defined by the Department of Immigration and Citizenship, their accommodation arrangements must be approved by the School.

Will the student be in the care of a parent or suitable relative when not at School (weekend leave, vacations)?

☐ Yes ☐ No

If no, type of accommodation the School may approve for the student:

☐ Guardian as listed below
☐ Homestay/ Agent arrangement
☐ Other – please identify

Details of approved welfare and accommodation arrangements – list guardian details if not parent:
Dates for approval of welfare and accommodation arrangements – please list vacation accommodation arrangements and approved weekend leave accommodation:

9. **Change of Address**

The student is obliged to notify the School of any change of address while enrolled at the School. This is to ensure that any notifications sent to the student advising of visa breaches are sent to the student’s current address.

Where The King’s School has approved the student’s welfare and accommodation arrangements, the student requires both the School’s and the parent’s approval for any changes to welfare and accommodation arrangements.
