CHISHOLM, Cameron x 4

Year 6
HAN, Joshua x 2
MEAD, James

Prep News
24th October, 2014

Family Entertainment Under the Stars
What a setting to watch a movie with the family! The inaugural Family Outdoor Cinema Evening at the Prep School held last Saturday was a terrific event. Over 330 people joined together on the fields of Price 5 to watch the sun set over the dam, and enjoy conversation with friends over picnic hampers and barbequed dinners. Sponsored by the Fathers’ Association, this family friendly occasion was a lovely, relaxed way to bring the Prep School community together for a final end of year event.

We pass on our thanks to the FA Committee who organised this opportunity for the Prep families and to our wonderful Year 3 dads who looked after the canteen requests throughout the evening. Judging from the feedback I have fielded so far, we will look to host another Outdoor Cinema Night again in 2015.

Music Performance Opportunities
There has been a smorgasbord of music concerts held over the past two weeks that have allowed the boys to gain experience performing in front of large audiences. Last week, the Prep School Band joined with local school bands from Tara Anglican School for Girls and Burnside Public School for a combined concert in Futter Hall. Working independently over the number of weeks in preparation, the bands joined together during the day of the concert to practice for the evening performances. It was a wonderful opportunity for the boys to interact with students from neighbouring schools and to gain benefit from participating within a large scale band.

This week, the Chamber Choir joined with the choirs from Abbotsleigh and Arden Anglican School to participate in the annual Royal School of Church Music Festival. The Festival took the form of a service within the Abbotsleigh Chapel and the choirs performed together singing a wonderful selection of anthems and hymns. The Royal School of Church Music is a world-wide network of over 8,000 churches, schools and individuals who are committed to achieving the best use of good music in worship. For those who were present in the Chapel on Tuesday evening, they were certainly treated to a special service filled with beautiful and inspiring worship music. Congratulations to the Chamber Choir boys for their superb participation in this event.

THOUGHT FOR THE WEEK: “You really can change the world if you care enough”.
Marion Wright Edelman
On Wednesday evening, the audience in Horrocks Hall were dazzled by the brilliance of Year 6 student, Joshua Han, who introduced and performed a range of intricate piano pieces as part of his Year 6 Enterprise Programme. Demonstrating what seemed more like a gymnastic routine across the keys, Joshua played from memory a number of complex pieces that one might hear on the stages of the Sydney Opera House or Covent Garden. Joshua recently won a world piano competition in Austria, achieving the highest recorded score in the history of the competition and becoming the first Australian to win this prestigious international piano competition. The performance on Wednesday evening will remain in the memories of those who attended for many years to come.

**Showcase Assembly 2014**
On Tuesday afternoon 28 October at 1:45pm we will be holding the Prep School 2104 Showcase Assembly in Horrocks Hall. This event provides an opportunity to hear addresses from our K-6 winners in the Poetry Recitation and Public Speaking Competitions, held throughout the year. Parents are welcome to attend this special assembly.

**Let There Be Light!**
No longer will parents need to stumble over to The Cedars at night for any evening School functions. Thanks to the generosity of the parents of Year 6, some garden lighting has been installed as part of a farewell gift to the Prep School. Light now sprays across the gravel pathway, lighting the way down the drive towards The Cedars, and highlighting some of the beautiful trees in this region of the property. I do pass on my deep gratitude to the Year 6 parents for their generosity and to Mark Harvey, for co-ordinating this very thoughtful and practical gift for the School.

Peter Allison  
Head of the Preparatory School
Co-curricular and Sports photos will be taken on Tuesday, 4 November. This will include all summer and winter sports teams, Snowsports, Cross Country. Athletics and Swimming teams, IPSHA, CIS and NSW Representatives, Debating, TOM, Chess, Book in a Day and some music group photos. Boys will need to come to School in their normal school uniform. They will also need to bring both their winter and summer sports uniforms, including boots for Rugby and Football. As all non-sport co-curricular photos are taken in the Number One uniform, boys in those photos will also need to bring their white shirt.

Attached to this newsletter is a copy of the order form for these photos as well as the House, Sons and Grandsons of Old Boys and School Captains photos, which were taken earlier in the year. The order form must be returned on the day of the photos (Tuesday 4th November). Spare copies of the form can be collected from the Prep Office.

Royal School of Church Music Festival at Abbotsleigh
Our Chamber Choir who participated in the Royal School of Church Music Festival at Abbotsleigh on Tuesday evening. This was a special Chapel service that featured the choirs form the participating schools. Our boys joined with students from Arden and Abbotsleigh and sang beautifully to a most appreciative congregation.

Concert by Joshua Han (Year 6)
Joshua performed a 45-minute concert on Wednesday evening to an intimate audience of approximately 60-70 people. The pieces he played were varied and required considerable skill. The concert was Joshua’s Enterprise project and raised $234.00 for the Cancer Council.

I have been teaching for almost thirty years and I have never witnessed a student with this much talent at such an early age. I know one day in the future when Joshua is a world renowned pianist, I will be saying, “I saw Joshua perform at a concert at The King’s School Preparatory School”.

King's is in high demand because it offers academic excellence with character development. Crown Princes, leaders of political parties, authors, actors, leaders in law, medicine, and in a wide range of other professions, have all been educated at King's. It is a school committed to the development of good character and those values that are consistent with a caring, Christian community.

The articulation of the values we promote will be seen in the daily teaching and learning experiences, by the way we engage with each other, the special events on the yearly calendar, and through our expression of who we are as a school community.

The Wellbeing panel at Prep has an abridged articulation of our values, designed for our K-6 boys (in red). I invite you to read these through and discuss them with your sons. The goal of raising a child who is value rich and socially and emotionally intelligent is a priority for families.

**Respect**
Respect involves valuing people and property so that neither is dishonoured. It requires a person to develop pro-social skills, to be tolerant and able to accept individual differences. An obligation is given to abhor harassment or prejudice in any form. There is a requirement to respect oneself and to adopt a lifestyle that promotes wellbeing. Students at The King's School will be required to respect the right of teachers to teach and students to learn, within a caring and supportive environment.

- WE VALUE SCHOOLMATES
- WE VALUE TEACHERS
- WE VALUE OURSELVES

**Responsibility**
Responsibility requires the acceptance of accountability and the developing of the skills associated with being a good team player as well as an effective leader. The concept embraces the virtues of being trustworthy, pro-active and of having the courage and initiative necessary to change those things which should be changed.

- WE ARE TEAM PLAYERS
- WE ARE BRAVE
- WE ARE TRUSTWORTHY

**Integrity**
Integrity encompasses propriety, honesty and a commitment to upholding that which is right. It includes the obligation to act fairly and to exercise proper governance. It requires The King's School to be responsible in the management of all its assets. This means that the School will seek to be just in all its dealings.

- WE ARE HONEST
- WE ARE FAIR
- WE HONOUR OUR SCHOOL

**Excellence**
Excellence suggests a school of distinction which offers a high-value education. It hints at quality and suggests a school committed to enduring worth. A commitment to excellence also suggests a premium educational program, a first-rate educational environment and a system of management which is exemplary.

- WE SET OURSELVES HIGH STANDARDS
- WE ARE COMMITTED TO ACHIEVING OUR BEST
- WE EXPLORE MANY DIFFERENT OPPORTUNITIES
Sustainability
Sustainability in people means long-term endurance, and physical and emotional resilience. Sustainability of resources means responsible management, care of the environment and a system of operation that is designed to enhance the future wellbeing of the planet.

- WE CARE FOR GOD’S WORLD
- WE CARE FOR THE PROPERTY OF THE KING’S SCHOOL
- WE CARE FOR OUR LEARNING SPACES

Balance
Balance requires the School to offer a holistic program of instruction which nurtures a student:

- ACADEMICALLY AND INTELLECTUALLY
-SOCIA LLY AND EMOTIONALLY
- PHYSICALLY
- SP RITUALLY

Balance should also be reflected in the School’s management and governance where there should be an appropriate mix of skills.

- WE WORK HARD AND PLAY WELL
- WE EXERCISE REGULARLY AND EAT HEALTHY FOOD
- WE FIND TIME TO REFLECT

Classroom Practice

The Australian Institute for Teaching and School Leadership (AITSL) provides national leadership for the Australian, State and Territory Governments in promoting excellence in the profession of teaching and school leadership. AITSL has provided *The Australian Professional Standards for Teachers*, which is comprised of seven standards that outline what teachers should know and be able to do. The standards are interconnected, interdependent and overlapping.

These seven standards are grouped into three domains of teaching:

1. Professional Knowledge
2. Professional Practice
3. Professional Engagement

<table>
<thead>
<tr>
<th>Domains of teaching</th>
<th>Standards</th>
</tr>
</thead>
<tbody>
<tr>
<td>Professional Knowledge</td>
<td>1. Know students and how they learn</td>
</tr>
<tr>
<td></td>
<td>2. Know the content and how to teach it</td>
</tr>
<tr>
<td>Professional Practice</td>
<td>3. Plan for and implement effective teaching and learning</td>
</tr>
<tr>
<td></td>
<td>4. Create and maintain supportive and safe learning environments</td>
</tr>
<tr>
<td></td>
<td>5. Assess, provide feedback and report on student learning</td>
</tr>
<tr>
<td>Professional Engagement</td>
<td>6. Engage in professional learning</td>
</tr>
<tr>
<td></td>
<td>7. Engage professionally with colleagues, parents/ carers and the community</td>
</tr>
</tbody>
</table>

Within each standard, focus areas provide further illustration of teaching knowledge, practice and professional engagement. In practice, teaching draws on aspects of all three domains.

**How are we improving teaching practice at the Prep?**

Every day our teachers assess their students. Using their content knowledge and understanding of the boys in their care, they assess what the students know and what they still need to learn.

But do teachers know this about themselves? Do they recognise their own learning journey? Do they know what it looks like to improve their classroom practice so they are continually building greater expertise?

To assist teachers, AITSL has developed the *Classroom Practice Continuum*. This continuum brings the Australian Professional Standards for Teachers to life. By demonstrating progression along the continuum, teachers can clearly see what it looks like to improve their own classroom practice and, in turn, improve student learning, student engagement and student wellbeing.

At the Prep, along with the resources from AITSL, we recognised the need for a professional review cycle. Our process looks something like this:

Teachers assume responsibility for their goal setting and for monitoring, tracking and reviewing those goals. The role of the Pedagogical Coach at each stage is that of support and mentoring during this process. Teachers are asked to use the SMART acronym to guide them in the design of a professional learning goal.

- **S = Specific**
- **M = Measurable**
- **A = Achievable or Attainable**
- **R = Relevant**
- **T = Time-bound**

**Specific**
The learning target must be specific rather than general

**Measurable**
It must be possible to know whether the learning target has been accomplished, so there needs to be some way of measuring this.

**Achievable**
The achievement of the learning target must be something the teacher is capable of attaining. Where the prospect of achievement seems daunting, the learning target can be broken down into a series of steps so that the teacher has the prospect of experiencing success. The setting of unachievable learning targets will inevitably lead to lack of motivation and low self-esteem.

**Relevant**
The learning target needs to be significant and relevant to the teacher’s learning. If teachers are left to set learning targets without any guidance, at least initially there is a danger that such targets will be less relevant than if they are set in the context of understanding ‘What I know or can do now/ what I still need to know or be able to do/ how I can go about making that improvement’.

**Time-bound**
Teachers should specify when they aim to achieve the target. Time-bound learning targets are easier to evaluate and track than those which have no particular time period attached to their achievement.

“THE TRAGEDY IN LIFE DOESN’T LIE IN NOT REACHING YOUR GOAL.
THE TRAGEDY LIES IN HAVING NO GOAL TO REACH.”

Benjamin E. Mays
Year One visits the Wildflower Gardens

Year One had a wonderful day of exploring in the bush, when this week they visited the Ku-ring-gai Wildflower Garden. With two local rangers, the boys were guided through the gardens and shown many different species of plants. They learnt about what plants need to sustain themselves within the Australian bush and they discovered that many plants had individual characteristics that made them very special and unique.

They had the opportunity to observe how the plant and insect world live side by side and help each other to survive. The day related beautifully with their Unit of Inquiry and the boys collected seeds, pods, leaves and natural plant forms to create a ‘mini garden’ using clay. They also learnt that wallabies are very clever and cheeky when inspecting little boy’s lunch bags.

Another terrific day of learning and touching the real world!

Jo Grinham and Sarah Moujalli
2014 King’s Preparatory School Chess Championship

Congratulations Ben Harvey
2014 Chess Champion

On Monday 13th October, 60 boys gathered to compete in the annual Chess Championship conducted by The Sydney Academy of Chess.
The championship provided the boys with an opportunity to have fun playing against friends from all year levels. They also reaped the benefits of engaging in the mental exercise that chess requires.

The Championship was played in tremendous spirit. Each boy went into his seven games determined to try his hardest and whether win, lose or draw was able to take something positive away from each game.
Chess at King’s Prep continues to gain popularity and strength. Coaching occurs each Thursday for Infants and Primary classes. We are entering more competitions than ever before and are improving our competitiveness. The future looks exciting for Chess at King’s!

Congratulations to our Year level winners and place getters

Wednesday 29th October, 2014

Thomas House has been raising awareness about Type 1 diabetes over the past four years since Mrs Reuben’s daughter was first diagnosed with Type 1. Buzz Day is a charity event that provides awareness about Type 1 diabetes. All money raised will go to JDRF (Juvenile Diabetes Research Foundation) to help find a cure.

Type 1 diabetes isn’t the result of kids eating too much sugar, exercising too little or eating too much junk food. It happens when the pancreas stops producing insulin. Why this happens to some children is not really known, but it is believed there is a genetic link. Type 1 children and adults have to have daily insulin injections and do up to 10 finger pricks a day to check that blood glucose levels are within normal range.

Did you know that over the past 12 years, the rate of Type 1 diabetes has increased by 30% in kids under 15?

We want to help find a cure for Type 1 diabetes. This year’s BUZZ DAY is going to be full of fun and entertainment. Here’s what’s happening:

a) Enter the Jellybean Guessing Competition (Jellybeans save lives when Type 1 diabetics have a low blood glucose level). Competition will run daily during Week 4.
   1 guess = 50 cents; 3 guesses = $1
b) Send $6 to your class teacher in a clearly named envelope by Monday 27th October so you can receive a Peter’s Life Savers ice-block on Wednesday 29th October. See (http://www.peters.com.au/brands/lifesavers/) for ingredients

Please help us support JDRF (Juvenile Diabetes Research Foundation) and find a cure for this cruel disease.

Mrs Grinham (Thomas Housemaster) and Mrs Reuben
(Thomas Staff) and Thomas House

We are delighted that iconic journalist, Geraldine Doogue,
will be speaking to us on ‘Power and Australian Women’.
Geraldine will present insights from her brand new book,
‘The Climb’ which features interviews with leading women
across various sectors of Australian life. Geraldine will explore
some of our contemporary values - what do we mean by ‘success’ and ‘authority’?

With a career path that has seen her climb to celebrity status in her chosen field, Geraldine
will be familiar to us all as the host of ABC TV’s Compass program & ABC Radio Nation’s
influential Saturday Extra. For distinguished service to the community and media on issues
involving ethics, values, religion and social change, Geraldine was appointed an
Officer of the Order of Australia in 2003. In her typically warm and engaging style,
Geraldine will include reflections from her own personal journey.

We are pleased to advise that funds raised from this event will be assisting
the Thomas Kelly Youth Foundation in its vision to address alcohol-related violence.

THE KING’S SCHOOL PARENTS’ ASSOCIATION
has pleasure in inviting you to
THE 2014 ANNUAL WOMEN’S DINNER

FRIDAY, 7 NOVEMBER 2014 | Special Guest
Geraldine Doogue

5.30pm Browse our exclusive TKS community market stalls brimming with arts & crafts,
gourmet foods and much more whilst enjoying pre-dinner drinks & canapés.

7.00pm Enjoy a sit down dinner with entertainment from the The King’s School Choir
followed by our guest speaker Geraldine Doogue.
