From The Headmaster

I am delighted that you are considering a place at The King’s School and are pursuing a scholarship or bursary. Whether successful or not, I hope that you might consider King’s as a place to educate your son.

We are blessed with extraordinary grounds, a unique history and a wonderful community of teachers who enjoy releasing the potential of their students.

To properly care for a young man and to get him to develop a sense of wonder requires teachers who can inspire a boy to give of his best, who can disturb him with new possibilities and who are not limited to the attraction of mediocrity.

We enjoy our teaching at King’s and we enjoy our students. Their energy and dreams fuel our sense of privilege in being able to walk with them in their formative years. Many of these students have been part of the School’s extensive Scholarships or Bursaries program.

I hope I may have the opportunity to meet with you should you decide to register for and attend our Scholarship days.

**Scholarships and Boarding Bursaries**

The King’s School offers a wide range of scholarships and bursaries for entry to Years 7 –11.

**Scholarships have an academic focus.** The primary criteria for an award is the result of a competitive examination conducted by an independent testing organization. Supporting documentation detailing interest and achievements in performing arts, sport and leadership may be taken into consideration following academic ranking.

A full Scholarship allows for the remission of tuition fees throughout a boy’s secondary school career, dependant on satisfactory progress.

Part scholarships are also awarded.

Bursaries are usually relevant to boarder applicants and typically assist with between 50% to 100% of boarding fees to attend the School. Bursaries also demand academic standards, but take into consideration all-round interest, achievements and the financial needs of the applicant’s family.

Scholarships to enter the Preparatory School are not available.

**Family Admission Fee:** Boys awarded scholarships pay a reduced Family Admission Fee.

**Tenure** of any scholarship or bursary is subject to satisfactory conduct and progress.

The availability of scholarships and bursaries and application details are advertised in October and November each year.
