19 November 2015

Dear Members of The King’s School Community

The School has just been informed by the Royal Commission into Institutional Responses to Child Sexual Abuse that it will be placing advertisements in the media tomorrow asking any person to come forward if they have information about any child sexual abuse at The King’s School or Tudor House.

This information gathering is crucial in helping the Commission decide whether there are any cases, not yet known, that need to be dealt with and whether the institutional responses to the known cases have been appropriate.

The School is committed to helping the Commission ensure it is accurately informed on this very important matter. Accordingly, if there is any person within The King’s School community who has any relevant information, they are urged to report it to the Commission.

Yours sincerely
